**Subject:** Re: PAC Gaming Grants  
**Date:** September 10, 2009 11:29:09 AM

---

Dear Mr. Bloy,

I am writing to you today to voice my disappointment in hearing the PAC Gaming funds were being reduced by 50%. The money we receive from Gaming is very important to our school. As you know we at Stoney Creek were recently able to finance a new playground for the school children and community with the aid of the Provincial Gaming funds and donations from our community. In the past we have also purchased equipment for the school such as computers and sound equipment to enhance the education of our students. The Gaming funds are much needed and I fear we will be unable to fulfill our budget to the school this year due to the decrease in funds. This would result in cancelled educational programs, field trips and equipment purchases for the students. I greatly urge you to help us get these funds increased back to 100% so the children in our community may keep their programs and funding.

Sincerely,  
Karen Agabob  
PAC Chairperson  
Stoney Creek Community School
